## LIND PROCEEDS TO VERA CRUZ

President Wilson's Special Envoy Leaves Mexico City.

POLICY OF NONINTERFERENCE

Chief Executive's Message to Congress is Drawn on Friendly Lines, Proclaiming to the World the Sympathetic Feeling This Government and the American People Have for Their Neighbors in the Rebellion Torn Republic.

Mexico City, Aug. 26.—President Wilson's personal representative, John Lind, left the Mexican capital, proceeding to Vera Cruz.

Mr. Lind called on Foreign Minister Gamboa to say goodbye. He will sail from Vera Cruz at an early date, presumably on a battleship.

Washington, Aug. 26.—President Wilson read to the members of the senate committee on foreign relations and the house committee on foreign affairs, Republicans as well as Democrats, the message on the Mexican situation, which he will deliver in person to a joint session of both houses of congress.

It is a message of friendship, not hostility, and precedes a policy of absolute noninterference.

It proclaims to the world the sympathetic feeling that the United States government and the American people have for their neighbors in the rebellion torn republic.

It records the views of the United States on constitutional government, its unalterable opposition to governments set up by the irregular and arbitrary acts of ambitious individuals and formally announces that the government of Victoriano Huerta shall not be recognized.

The efforts of the United States to bring about a peaceful settlement of the difficulty through the representations made by John Lind, special envoy of President Wilson, are outlined, as well as the answer of the Huerta government.

Support of Foreign Nations. The United States had proposed that a constitutional election be held and that Huerta should not be a candidate. To these suggestions, through which the United States believes peace could be restored, Huerta has replied in the negative. Foreign governments generally since that rejection have been active in support of the American policy to persuade Huerta to yield.

The delivery of the message is an essential factor in the program of the American government before the world. It is not a preliminary to any drastic measure, however. It is merely the announcement of a policy which will be maintained for years if necessary until constitutional government shall be re-established in Mexico.

The effect of the message, it is hoped by administration officials, will be to convince the world of the sincere efforts of the United States to bring about peace and forestall pressure that might otherwise have been exerted by foreign governments for a sterner policy toward Mexico.

Having exhausted every avenue of influence on the Mexican authorities the administration does not feel compelled to intervene by force of arms to establish its views. Every opportunity will be given American citizens to withdraw from the danger zones and strict neutrality in shipments of arms will be observed.

## FEARS WAR IS NECESSARY

Former Speaker Cannon Confesses to Anxious Over Situation.

Milwaukee, Aug. 26.—"Uncle Joe" Cannon is afraid to go to bed at night because he might wake up to find this country at war with Mexico. At least, that's what the former speaker told reporters here when he passed through on board the steamer Northland.

"I never go to bed at night or arise in the morning without fearing I shall see that war is necessary with Mexico," said Mr. Cannon. "The Monroe doctrine has bound us and foreign nations, knowing this, are driving us to action in order to stop loss of life among Europeans in the Southern republic."

## STEFFANSSON SHIP STOVE IN

With Hole in Hull, Is Drifting Off Point Barrow.

Nome, Alaska, Aug. 26.—The old whaler Karluk, which was taking Vilhjalmur Stefansson's Canadian expedition into the Arctic, met with a serious accident in the ice off Point Barrow, the northernmost point of Alaska, and may have to unload her cargo, according to word received here from the revenue cutter, Bear. It is reported that a large hole was stove in the hull.

The Stefansson expedition found unusual ice conditions at Barrow. The Karluk was caught between the ice floes and is drifting with the ice.

## AMENDMENT TO CURRENCY BILL

Caucus Agrees to Paper Based on Farm Products.

DISPOSES OF LAST BIG ISSUE

Opposition to Original Measure Continues They Have Won All They Were Fighting for—Chairman Glass Asserts That Amendment Embodies None of Their "Wild and Absurd Suggestions."

Washington, Aug. 26.—An agricultural currency amendment to the administration currency bill was introduced in the house Democratic caucus.

After several preliminary skirmishes, in which other amendments were beaten, the caucus, without a dissenting vote, adopted an amendment, sponsored both by the "insurgent" contingent and the banking and currency committee, to put paper based on agricultural products on the same basis as commercial paper for banking purposes.

It also would extend the maturity of notes and bills admitted to discount under the amendment to ninety days, instead of the originally proposed forty-five days.

This action disposed of the last of the big controversial issues in the administration currency bill.

"We have won all we contended for," was the comment of Representative Neely of Kansas, in charge of the opposition to the bill.

"The Glass amendment," added Representative Henry of Texas, "comes practically to the amendment I had advocated during the last three months."

"The rediscution section, as thus amended," replied Chairman Glass, "does not combine a single thing of the wild and absurd suggestions which had been proposed. Mr. Henry surrendered solely and simply because he was beaten. He jumped after the boat left the wharf."

Other members of the committee made similar statements.

## BILL MAY PASS NEXT WEEK

Senate Making Rapid Strides on Tariff Measure.

Washington, Aug. 26.—Ratification of the free list in the tariff bill, with reservation of a few commodities for later consideration; agreement by Democrats of the finance committee to consider an amendment by Senator Kenyon which would automatically transfer trust controlled articles to the free list and discussion of the print paper and the paper schedule enjoyed the tariff debate in the senate.

So rapid was the progress in consideration of the free list that Democratic leaders were led to predict a passage of the bill by the middle of next week.

The raw wool was among the proposals in the free list approved by the senate in "committee of the whole," but this will come up again on substitutes offered in the senate proper.

Free meat, cattle, sheep, swine and wheat were passed over at the request of Senator McCumber of North Dakota.

## REFUSED KISS; ENDS LIFE

But Philadelphia Husband First Wounds Wife.

Philadelphia, Aug. 26.—Enraged when she refused to kiss him goodbye before he ended his life Thomas Keene shot and seriously wounded his wife, Mrs. Rita Keene.

He then held a squad of policemen at bay while he swallowed poison. He was taken to a hospital where he died. The young couple have been separated for seven months and the husband was served with papers in a divorce suit.

## PRINCE ARTHUR.

## PRINCE ARTHUR TO SUCCEED

Virtually Decided He Will Be New Governor General of Canada.

London, Aug. 26.—It has been virtually decided, according to the Daily Graphic, that Prince Arthur of Connaught will succeed his father, the Duke of Connaught, as governor general of Canada.

## HOUSE WILL PROBE CONDUCT OF JURIST

Judiciary Committee Will Ask Power to Act.

Washington, Aug. 26.—Thorough investigation of the official conduct of United States District Judge Emory Speer of the Southern district of Georgia, to determine whether he has been guilty of any impeachable misbehavior, was agreed upon, unanimously, by the house judiciary committee.

Chairman Clayton will introduce a resolution asking the house to empower the committee to investigate the charges and compel the attendance of witnesses.

The committee will report to the house its conclusions and recommendations.

Such a course, unanimously agreed upon by the committee, follows a precedent in the impeachment cases of Swayne, Hanford, Archbald and others.

The investigation probably will be made chiefly through a subcommittee. Witnesses to be summoned will be determined upon later.

Judge Speer already has asked the committee to allow him to be present at the hearings and requested that if possible he might appear after a time when he is subject to no further investigation.

Judge Speer has acquainted the committee with a line of his defense, denying the charges and attacking their authorship.

## HARVEY OFFICER IS DEAD

Was Civil War Veteran and Pioneer St. Paul Lawyer.

St. Paul, Aug. 26.—Harvey Officer, seventy-nine years old, pioneer St. Paul attorney and veteran of the Civil war, dropped dead in a drug store here. He stood at the cigar case near the entrance, marking a laundry slip, when, without a sound, he sank to the floor and died. His death is attributed to the infirmities attendant on old age.

Harvey Officer was born at Allegheny, Pa., Feb. 8, 1834. When a youth he accompanied his parents to Mississippi and came to St. Paul from Natchez in 1855. During the Civil war he was captain of Company E, First Minnesota heavy artillery, and was in many historic battles.

## CONSULAR AGENT STABBED

Spanish Madman Attacks American Official.

Huelva, Spain, Aug. 26.—While working at his desk the American consular agent at Huelva, William J. Alcock, was stabbed in the back by a madman.

Mr. Alcock's assailant was a Spaniard named Bojorano, who apparently is suffering from the delusion that Americans have stolen patents of an important invention belonging to him.

The consular agent will recover. Bojorano was arrested.

Stops Press to Save Kiss.

Chicago, Aug. 26.—The presses running off the weekly bulletin of the Chicago health department were stopped while Health Commissioner Dr. G. B. Young eliminated from the edition an article warning the public against kissing.

"Kissing is not dangerous if kept within due bounds," said Dr. Young.

## MEXICAN PACT IS IMPOSSIBLE

Shifting Conditions Are Against It, Say Officials.

CANADIANS SMUGGLE WHEAT

Many Attempts to Bring Grain Across Our Northern Border, Says Senator Nelson—Congress is Tired, but Not "Sweltering"—State Pride and Fight For Free Fruit.

By ARTHUR W. DUNN.

Washington, Aug. 26.—[Special.]—We may know more about Mexico in the next few months than we know at the present time, but it is doubtful if we will ever realize the conditions which exist in that country so as to be able to deal with the people. Sharing the dislike and distrust of Americans, which seems to be prevalent in every Latin American country, the Mexicans will never be satisfied with either our altruistic and peaceful missions nor demonstrations by force. We cannot expect a government which we may set up to stand in view of the hatred which the Mexicans have against us as a nation and against our people generally.

The Americans in Mexico must have assumed very lordly and superior airs in all the years that they have been in Mexico in order to bring about the dislike which the whole population seems to have against us as a people.

Shifting Conditions. Men familiar with Mexico—and there are quite a number in the government service if the administration wanted to use them—say that conditions are constantly changing in Mexico; that there is nothing like stability among the people; that leaders never know when a freakish following may desert them; that no set of leaders could enter into an agreement with the representatives of the United States or any other country with any assurance that their followers would be satisfied.

We are dealing with a people more changeable and capricious than the people of Cuba and less amenable to reason than the people of the Philippines.

Smuggling Wheat. We have heard stories about smuggling diamonds and other precious stones, jewelry of different kinds, silks and laces, furs and clothing, cigars and liquors, but the smuggling of wheat, barley, oats and other agricultural products was not supposed possible until brought out in the tariff debate.

Senator Nelson of Minnesota said that many Canadians had attempted to take advantage of the higher prices on this side of the line by hauling grain across the line with teams. Senator Norris of Nebraska said he had personal knowledge of smuggling grain. So far it was not developed that any attempt was made to smuggle hay across the border.

Iowa Not Silent. "Four years ago," declared Senator Clapp in the senate, "the Republican state of Iowa had no more voice in framing the Republican tariff bill than the Democratic state of Alabama."

But when one recalls the speeches of Dooliver and Cummins it is conceded that they left their impress upon tariff history which brought about the present tariff revision, although the rates will be lower.

Would Have Been a Contest. If Senator Tillman had not been in such a sad physical condition the day he made his speech on woman suffrage there would have been what T. Roosevelt would call a "bully fight" on the subject. Woman suffrage senators were anxious to "go back" at the South Carolina senator, and had he been in the vigor of other days he would have welcomed them to the fray. As it was, the speech did not cause debate, although the venerable senator was given close attention.

Tired, but Not "Sweltering." Senators and representatives are tired, some of them are ill, but they are not "sweltering" in the nation's capital. The capitol building is about as cool a place as anywhere unless at summer resorts along the northern coasts.

The committee rooms and the chambers where the legislators assemble are supplied with electric fans. "The public need not waste much sympathy upon the 'sweltering' members of congress."

State Pride. Senator Weeks, arguing in favor of free bananas, called attention to the food qualities of the fruit and maintained that it ought to be made as cheap as possible. Senator Lane broke in with a plea for apples, remarking incidentally that Oregon produced the best apples in the world.

"I would tell the senator that the best apple is raised in New England," remarked Senator Gallinger.

"I believe North Carolina got the prize," interjected Overman.

"We have right smart apples in Alabama county, Virginia—in fact, the best," said Swanson of Virginia.

"In order that there may not be anything selfish I will say New Jersey is quite prominent," said Senator Martine.

"I am willing to admit that New Jersey excels in applejack," remarked Weeks, and went on with his speech before any more apple states could be heard from.

## THAW'S PHYSICIANS.

Five Noted Specialists May Testify as to His Sanity.

© 1913, by American Press Association.

In his fight to evade being returned to New York state from Canada, where he is now in jail, Harry K. Thaw has employed a notable array of physicians who, it is expected, will testify as to his sanity. Testimony of various alienists has always been an important factor in his different hearings in New York state. The physicians in the employ of the wealthy Thaw family are: (Top) Dr. R. H. Pope and Dr. Evans, (center) Dr. G. L. Hume and Dr. J. A. Ledoux and (bottom) Dr. W. A. Steering.

## ELIOT SEES MENACE IN CIVILIZATION

Says Large Cities Are Foundation of Destruction.

Buffalo, N. Y., Aug. 26.—Scientists and educators from all parts of the world assembled for the fourth international congress of school hygiene here. The delegates numbered about two thousand.

"School Buildings and Their Equipment" was the general topic of the meeting and addresses were made by the representatives of four nations.

At a general public meeting addresses were made by Dr. C. W. Eliot, president emeritus of Harvard university, and Sir James Grant, president of the national Canadian organizing committee.

Dr. Eliot, who is president of the congress, said the progressive civilization of the last hundred years worked terribly against the health and perpetuity of the whole race.

"Such cities as Paris, London, Berlin, New York and Chicago bear witness to the fact that modern civilization is all the time preparing and promoting its own destruction," he said.

"It is the duty of the state to provide segregation of the defective, the insane and the habitual criminal, in order to prevent the breeding of human beings from such stock. It is not yet clear how good breeding can be promoted among free men and women, but it is clear how bad breeding can and should be prevented."

Secretary Wilson of the department of labor also spoke.

## OFFICERS LOSE FREE RIDES

Great Northern and Northern Pacific Revoke Passes.

Helena, Mont., Aug. 26.—The Great Northern and the Northern Pacific Railroad companies have revoked all passes issued to Montana state officials and their deputies, numbering about 600, and it is expected that all other roads operating through the state will take like action.

A decision of the interstate commerce commission, with reference to Colorado, gave the railroads to understand that applications to advance rates would be disallowed whenever it appeared that the carrier was wasting revenue by issuing free transportation.

## SHOT OUT OF DARK KILLS

Unknown Assassin's Bullet Fatal to Kansan.

Pittsburg, Kan., Aug. 26.—Adam Orech was shot and killed at Chapman by an assassin who fired from the darkness while Orech was talking to five friends at the home of a neighbor.

The friends saw the murderer running away in the darkness.

## MORE POLICE FOR NEW YORK

Additions Will Bring Total Number of Officers to 10,800.

New York, Aug. 26.—New York city is to have 500 more policemen. Police Commissioner Wadsworth said that provision had been made for the added expense and that he would start appointing the new men at once. The addition will raise the police force to 10,800.

## THAW SHOWS NO SIGNS OF FEAR

IDEAL STATE OF FUTURE

Earl Grey Warmly Approves System of Co-Operation.

Glasgow, Scotland, Aug. 26.—Co-operation as the basis of the ideal state of the future was the keynote speech made by Earl Grey at the opening of the congress of the International Co-operative Alliance.

Co-operation would put a barrier against the tyranny of the trusts, he said, and would reconcile the warring forces of labor and capital.

Six hundred delegates were present, representing 20,000,000 members of co-operative societies in America and Europe, and Earl Grey's views, annunciated with much fervor, were warmly applauded.

In the civilized world the remarkable growth of the co-operative movement justified the confident expectation that a day of new social state was at hand.

## GAYNOR & O. P. CANDIDATE

Suggestion He May Head New York Republican Ticket.

New York, Aug. 26.—A turn in political events involving the suggestion that Mayor Gaynor, Democrat, whom Tammany refused to nominate, might head the Republican ticket through securing enough Republican signatures to accomplish this at the primaries, caused adjournment of a meeting of the county judicial and (Manhattan) designation committees.

John P. Mitchell, in a letter to the Independence league, refused the nomination as mayor which the league tendered him Saturday. He gave as his reason the fact that the league did not endorse the fusion candidates—William A. Frederick for city comptroller and George McAneny for president of the board of aldermen.

## UNABLE TO MEDIATE STRIKE

Missouri State Board Admits Failure to Settle Miners' Dispute.

Farmington, Mo., Aug. 26.—The state board of mediation and arbitration abandoned all hope of settling the lead strike in Southeastern Missouri.

Representatives of the Western Federation of Miners and of the mine owners, at a public hearing, refused to submit terms of peace different from those already rejected.

## RATIFY PEACE TREATY.

London, Aug. 26.—The peace treaty was ratified at Bucharest. The Turks continue to advance into Thrace and have now occupied Gumuljina and Mastape, according to Sofia advices.

## Matteawan Fugitive Speaks of Jerome Sneeringly.

ANOTHER FACTOR IN CASE

Simultaneous With Arrival at Sherbrooke, Que., of Lawyer Who Prosecuted Thaw for Murder of Stanford White is Appearance of Former Governor W. A. Stone of Pennsylvania as Spokesman for Thaw Family.

Sherbrooke, Que., Aug. 26.—The arrival of William Travers Jerome, Harry Kendall Thaw's old prosecutor, and the assumption by ex-Governor William A. Stone of Pennsylvania of the position of spokesman here for the Thaw family pending the coming of Roger O'Mara, the Pittsburgh detective, were chief developments in Sherbrooke.

If Thaw was terrorized by Jerome's coming he succeeded in concealing his feeling to all who visited him in his cell.

Again he spoke of Jerome sneeringly, calling him "Willie."

Of the lighter incidents was Thaw's show of temper over the fact that his breakfast was ten minutes late and his continued erratic statements relative to plans for the publicity campaign which he regards as more important than any legal aspect to his case.

The possibility of an international law in the case came when former Governor Stone raised the point that a Canadian, embroiled in the Dominion's ironclad immigration law regulations, would doubtless have a right to appeal to the courts.

Thaw, it had been said, would have no such privilege to appeal should he be ordered deported, except to the minister at Ottawa.

## MAY BE TREATY VIOLATION.

Mr. Stone regarded this as contrary to the treaty between Canada and the United States guaranteeing to American citizens before Canadian courts the same rights as Canadians.

"In my opinion," said Mr. Stone, "the snow will be deep before Thaw leaves Canadian soil."

Mr. Jerome came by automobile from Nyack, N. Y. Mr. Jerome said he had not followed in New England the route taken by Thaw for the reason that he did not know it. He did, however, go over the ground in a general way.

"The question of extraditing Thaw from Vermont," he said, "will rest with the governor. Politics sometimes enters into cases of this sort."

Thaw gave out a statement to a local paper, saying in part: "In Vermont we know they are good Americans and that—not on my account, but just from uprightness—they won't allow any trickery to be used against any one."

"No grand jury can be got, even by packing, that would indict me on the trumped up charge now whispered about and no self-respecting one of the states would assist the fixers of this fictitious charge."

"Thaw's fellow citizens would be shocked if Canada yielded where another state in the United States would not."

to withdraw from the danger zones  
and strict neutrality in shipments of

"We have won all we contended  
for," was the comment of Representa-  
tive Neely of Kansas, in charge of  
the opposition to the bill."The Glass amendment," added  
Representative Henry of Texas,  
"comes practically to the amendment  
I had advocated during the last three  
months.""The rediscount section, as thus  
amended," replied Chairman Glass,  
"does not combine a single thing of  
the wild and absurd suggestions which  
had been proposed. Mr. Henry sur-  
rendered solely and simply because  
he was beaten. He jumped after the  
boat left the wharf."Other members of the committee  
made similar statements.

## BILL MAY PASS NEXT WEEK

Senate Making Rapid Strides on Tariff  
Measure.Washington, Aug. 26.—Ratification  
of the free list in the tariff bill, with  
reservation of a few commodities for  
later consideration, agreement by  
Democrats of the finance committee to  
consider an amendment by Senator  
Kenyon which would automatically  
transfer trust controlled articles to the  
free list and discussion of the print  
paper and the paper schedule en-  
volved the tariff debate in the senate.So rapid was the progress in con-  
sideration of the free list that Demo-  
cratic leaders were led to predict a  
passage of the bill by the middle of  
next week.Free raw wool was among the propo-  
sals in the free list approved by the  
senate in "committee of the whole,"  
but this will come up again on substi-  
tutes offered in the senate proper.Free meat, cattle, sheep, swine and  
what were passed over at the request  
of Senator McCumber of North Da-  
kota.

## REFUSED KISS; ENDS LIFE

But Philadelphia Husband First  
Wounds Wife.Philadelphia, Aug. 26.—Enraged  
when she refused to kiss him goodbye  
before he ended his life Thomas  
Keene shot and seriously wounded  
his wife, Mrs. Rita Keene.He then held a squad of policemen  
at bay while he swallowed poison. He  
was taken to a hospital where he died.  
The young couple have been separ-  
ated for seven months and the hus-  
band was served with papers in a  
divorce suit.

## PRINCE ARTHUR.

Will Succeed His Father as  
Governor General of Canada.

## PRINCE ARTHUR TO SUCCEED

Virtually Decided He Will Be New  
Governor General of Canada.London, Aug. 26.—It has been vir-  
tually decided, according to the Daily  
Graphic, that Prince Arthur of Con-  
naught will succeed his father, the  
Duke of Connaught, as governor gen-  
eral of Canada.HOUSE WILL PROBE  
CONDUCT OF JURISTJudiciary Committee Will Ask  
Power to Act.Washington, Aug. 26.—Thorough  
investigation of the official conduct  
of United States District Judge Em-  
ory Speer of the Southern district of  
Georgia, to determine whether he has  
been guilty of any impeachable mis-  
behavior, was agreed upon, unani-  
mously, by the house judiciary com-  
mittee.Chairman Clayton will introduce a  
resolution asking the house to em-  
power the committee to investigate  
the charges and compel the attend-  
ance of witnesses.The committee will report to the  
house its conclusions and recom-  
mendations.Such a course, unanimously agreed  
upon by the committee, follows a pre-  
cedent in the impeachment cases of  
Swayne, Hanford, Archbald and oth-  
ers.The investigation probably will be  
made chiefly through a subcommittee.  
Witnesses to be summoned will be  
determined upon later.Judge Speer already has asked the  
committee to allow him to be present  
at the hearings and requested that  
if possible he might appear after a  
time when he is subject to pay fever.  
Judge Speer has acquainted the  
committee with a line of his defense,  
denying the charges and attacking  
their authorship.

## HARVEY OFFICER IS DEAD

Was Civil War Veteran and Pioneer  
St. Paul Lawyer.St. Paul, Aug. 26.—Harvey Officer,  
seventy-nine years old, pioneer St.  
Paul attorney and veteran of the  
Civil war, dropped dead in a drug  
store here. He stood at the cigar  
case near the entrance, marking a  
laundry slip, when, without a sound,  
he sank to the floor and died. His  
death is attributed to the infirmities  
attendant on old age.Harvey Officer was born at Allegheny,  
Pa., Feb. 8, 1834. When a  
youth he accompanied his parents to  
Mississippi and came to St. Paul from  
Natchez in 1855. During the Civil war  
he was captain of Company E, First  
Minnesota heavy artillery, and was in  
many historic battles.He was a pioneer lawyer and in the  
sixties served two terms as county  
attorney of Ramsey county.

## CONSULAR AGENT STABBED

Spanish Madman Attacks American  
Official.Huelva, Spain, Aug. 26.—While  
working at his desk the American  
consular agent at Huelva, William J.  
Alcock, was stabbed in the back by a  
madman.Mr. Alcock's assailant was a Span-  
iard named Bojarano, who apparently  
is suffering from the delusion that  
Americans have stolen patents of an  
important invention belonging to him.  
The consular agent will recover.  
Bojarano was arrested.

## Stops Press to Save Kiss.

Chicago, Aug. 26.—The presses run-  
ning off the weekly bulletins of the  
Chicago health department were

Dr. G. B. Young eliminated from the  
edition an article warning the public  
against kissing. "Kissing is not dan-  
gerous if kept within due bounds,"  
said Dr. Young.MEXICAN PACT

## CANADIANS SMUGGLE WHEAT

Many Attempts to Bring Grain Across  
Our Northern Border, Says Senator  
Nelson—Congress Is Tired, but Not  
"Sweltering"—State Pride and Fight  
For Free Fruit.

By ARTHUR W. DUNN.

Washington, Aug. 26.—[Special.]—  
We may know more about Mexico in  
the next few months than we know  
at the present time, but it is doubtful  
if we will ever realize the conditions  
which exist in that country so as to be  
able to deal with the people. Sharing  
the dislike and distrust of Americans,  
which seems to be prevalent in every  
Latin American country, the Mexicans  
will never be satisfied with either our  
altruistic and peaceful missions nor  
demonstrations by force. We cannot  
expect a government which we may  
set up to stand in view of the hatred  
which the Mexicans have against us  
as a nation and against our people  
generally.The Americans in Mexico must have  
assumed very lordly and superior airs  
in all the years that they have been  
in Mexico in order to bring about the  
dislike which the whole population seems  
to have against us as a people.

## Shifting Conditions.

Men familiar with Mexico—and there  
are quite a number in the government  
service if the administration wanted to  
use them—say that conditions are con-  
stantly changing in Mexico; that there  
is nothing like stability among the peo-  
ple; that leaders never know when a  
freshish following may desert them;  
that no set of leaders could enter into  
an agreement with the representatives  
of the United States or any other coun-  
try with any assurance that their fol-  
lowers would be satisfied.We are dealing with a people more  
changeable and capricious than the peo-  
ple of Cuba and less amenable to rea-  
son than the people of the Philippines.

## Smuggling Wheat.

We have heard stories about smug-  
gling diamonds and other precious  
stones, jewelry of different kinds, silks  
and laces, furs and clothing, cigars and  
liquors, but the smuggling of wheat,  
barley, oats and other agricultural  
products was not supposed possible un-  
til brought out in the tariff debate.Senator Nelson of Minnesota said  
that many Canadians had attempted  
to take advantage of the higher prices  
on this side of the line by hauling  
grain across the line with teams. Sen-  
ator Norris of Nebraska said he had  
personal knowledge of smuggling  
grain. So far it was not developed  
that any attempt was made to smug-  
gle hay across the border.

## Iowa Not Silent.

"Four years ago," declared Senator  
Clapp in the senate, "the Republic  
state of Iowa had no more voice in  
framing the Republican tariff bill than  
the Democratic state of Alabama."  
But when one recalls the speeches of  
Dooliver and Cummins it is conceded  
that they left their impress upon tar-  
iff history which brought about the  
present tariff revision, although the  
rates will be lower.

## Would Have Been a Contest.

If Senator Tillman had not been in  
such a sad physical condition the day  
he made his speech on woman suffrage  
there would have been what T.  
Roosevelt would call a "bully fight"  
on the subject. Woman suffrage sen-  
ators were anxious to "go back" at the  
South Carolina senator, and had he  
been in the vigor of other days he  
would have welcomed them to the  
fray. As it was, the speech did not  
cause debate, although the venerable  
senator was given close attention.

## Tired, but Not "Sweltering."

Senators and representatives are  
tired, some of them are ill, but they  
are not "sweltering" in the nation's  
capitol. The capitol building is about  
as cool a place as anywhere unless it  
be summer resorts along the northern  
coasts.The committee rooms and the cham-  
bers where the legislators assemble  
are supplied with electric fans. The  
public need not waste much sympathy  
upon the "sweltering" members of  
congress.

## State Pride.

Free wheat, arguing in favor of  
free bananas, called attention to the  
food qualities of the fruit and main-  
tained that it ought to be made as  
cheap as possible. Senator Lane broke  
in with a plea for apples, remarking  
incidentally that Oregon produced the  
best apples in the world."I would tell the senator that the  
best apple is raised in New England,"  
remarked Senator Gallinger."I believe North Carolina got the  
prize," interjected Overman.  
"We have right smart apples in Al-  
bany, Virginia," said Swanson of Vir-  
ginia."In order that there may not be any-  
thing selfish I will say New Jersey is  
quite prominent," said Senator Mar-  
tine."I am willing to admit that New  
Jersey excels in applejack," remarked  
Weeks, and went on with his speech  
before any more apple states could  
be heard from.

## Altitudinous.

"Binks appears to have risen high in  
the world." "Yes. He is even above  
reproach."—Buffalo Express.

is now in jail, Harry K. Thaw has em-  
ployed a notable array of physicians who,  
it is expected, will testify as to his san-  
ity. Testimony of various alienists has  
always been an important factor in his  
different hearings in New York state. The  
physicians in the employ of the wealthy  
Thaw family are: (Top) Dr. R. H. Pope

W. A. Steering.ELIOT SEES MENAGE  
IN CIVILIZATIONSays Large Cities Are Founda-  
tion of Destruction.Buffalo, N. Y., Aug. 26.—Scientists  
and educators from all parts of the  
world assembled for the fourth in-  
ternational congress of school hy-  
giene here. The delegates numbered  
about two thousand."School Buildings and Their Equip-  
ment" was the general topic of the  
meeting and addresses were made by  
the representatives of four nations.  
At a general public meeting ad-  
dresses were made by Dr. C. W.  
Eliot, president emeritus of Harvard  
university, and Sir James Grant, pres-  
ident of the national Canadian organ-  
izing committee.Dr. Eliot, who is president of the  
congress, said the progressive civiliza-  
tion of the last hundred years worked  
terribly against the health and per-  
petuity of the whole race.  
"Such cities as Paris, London, Ber-  
lin, New York and Chicago bear wit-  
ness to the fact that modern civiliza-  
tion is all the time preparing and  
promoting its own destruction," he  
said."It is the duty of the state to pro-  
vide segregation of the defective, the  
insane and the habitual criminal, in  
order to prevent the breeding of hu-  
man beings from such stock. It is  
not yet clear how good breeding can  
be promoted among free men and  
women, but it is clear how bad breed-  
ing can and should be prevented."Secretary Wilson of the department  
of labor also spoke.

## OFFICERS LOSE FREE RIDES

Great Northern and Northern Pacific  
Revoke Passes.Helena, Mont., Aug. 26.—The Great  
Northern and the Northern Pacific  
Railroad companies have revoked all  
passes issued to Montana state offi-  
cials and their deputies, numbering  
about 600, and it is expected that all  
other roads operating through the  
state will take like action.A decision of the interstate com-  
merce commission, with reference to  
Colorado, gave the railroads to under-  
stand that applications to advance  
rates would be disallowed whenever  
it appeared that the carrier was wast-  
ing revenue by issuing free trans-  
portation.

## SHOT OUT OF DARK KILLS

Unknown Assassin's Bullet Fatal to  
Kansas.Pittsburg, Kan., Aug. 26.—Adam  
Orech was shot and killed at Chap-  
man by an assassin who fired from  
the darkness while Orech was talking  
to five friends at the home of a neigh-  
bor.The friends saw the murderer run-  
ning away in the darkness.

## MORE POLICE FOR NEW YORK

Additions Will Bring Total Number of  
Officers to 10,800.New York, Aug. 26.—New York city  
is to have 500 more policemen. Police  
Commissioner Waldo said that provi-  
sion had been made for the added ex-  
pense and that he would start appoint-  
ing the new men at once. The addi-  
tion will raise the police force to 10,  
800.THAW SHOWS NO

## IDEAL STATE OF FUTURE

Earl Grey Warmly Approves System  
of Co-Operation.Glasgow, Scotland, Aug. 26.—Co-op-  
eration as the basis of the ideal state  
of the future was the keynote speech  
made by Earl Grey at the opening of  
the congress of the International Co-  
operative Alliance.Co-operation would put a barrier  
against the tyranny of the trusts, he  
said, and would reconcile the warring  
forces of labor and capital.Six hundred delegates were present,  
representing 20,000,000 members of co-  
operative societies in America and  
Europe, and Earl Grey's views, annun-  
ciated with much fervor, were warmly  
applauded.In the civilized world the remark-  
able growth of the co-operative move-  
ment justified the confident expecta-  
tion that a day of new social state  
was at hand.

## GAYNOR G. O. P. CANDIDATE

Suggestion He May Head New York  
Republican Ticket.New York, Aug. 26.—A turn in  
political events involving the sugges-  
tion that Mayor Gaynor, Democrat,  
whom Tammany refused to nominate,  
might head the Republican ticket  
through securing enough Republican  
signatures to accomplish this at the  
primaries, caused adjournment of a  
meeting of the county judicial and  
(Manhattan) designation committees.  
John P. Mitchell, in a letter to the  
Independence league, refused the  
nomination as mayor, which the  
league tendered him Saturday. He  
gave as his reason the fact that the  
league did not endorse the fusion  
candidates—William A. Prendergast  
for city comptroller and George Mc-  
Aneny for president of the board of  
aldermen.

## UNABLE TO MEDIATE STRIKE

Missouri State Board Admits Failure  
to Settle Miners' Dispute.Farmington, Mo., Aug. 26.—The  
state board of mediation and arbitra-  
tion abandoned all hope of settling  
the lead strike in Southeastern Mis-  
souri.Representatives of the Western  
Federation of Miners and of the mine  
owners, at a public hearing, refused  
to submit terms of peace different  
from those already rejected.

## THE WAY TO LIVE.

It will give a new meaning to life if we learn to think of it as continuous, unending, running on without interruption through death and beyond into eternal years. This makes it infinitely important that we live well, doing nothing that will prove an eternal blot or evil, starting only things which will be forever blessings in the lives of others.

## MAYOR DOES NOT SIGN ORDINANCE

Returns to City Clerk Unsigned the Street Railway Franchise Ordinance No. 255 of the

MINN. CENTRAL RAILWAY CO.

In 6 Typewritten Pages Mayor Outlines Objections and Recommendations

Mayor R. A. Henning has returned to the city clerk unsigned the street railway ordinance. It was delivered to the mayor August 19 and returned by him on August 25. In a communication addressed to the president and members of the city council accompanying the unsigned ordinance Mayor Henning states:

"I am herewith returning to you, unsigned, Ordinance No. 255, same being an ordinance granting to the Minnesota Central Railway Company, the right to construct and maintain a street railway in the city of Brainerd, Minn.

"From the date that this ordinance was first presented to your body I have made such investigation of the question of street railway franchises as the limited time, and resources at my command permitted."

In six pages, typewritten, he outlines his objections and makes new recommendations.

In closing, he states: "While I realize very fully the demand of many of the citizens of Brainerd that I sign this franchise in its present condition, I have given the matter every consideration that I could in the time at my command, and have come to the conclusion that were I to sign this franchise simply to comply with the public sentiment, I would not be dealing justly and honestly with the duties of my office.

"It is impossible for me to deceive myself into believing that it would be for the best interests of the city and citizens of Brainerd, for me, to sign Ordinance No. 255, in its present shape, thus giving it my approval, and I must therefore respectfully decline to do so."

### Notice

Sealed proposals will be received until 8:00 P. M., September 2nd, by the city clerk for the paving with concrete of Sixth street north from Main street to Juniper street according to the plans and specifications on file with the city clerk and city engineer.

"The Mothering Heart" is the title of a feature film shown at the Grand. It is in two parts. Through a chastening experience the young husband learns the power of mother love.

The "Count Barber" is a gay bird. He pays court to Belinda and Ophelia and makes a bundle of it. They massage his face, pull his hair and leave him to a worse fate. It is a Vitaphone comedy of the best kind.

Al. Mraz, Brainerd's famous baritone, is heard in the latest song hit, "Where is the Love of Yesterday."

Tuesday and Wednesday the Grand has an entertaining program including "In the Nick of Time" a drama by the Thannhauser Co. "When Chemistry Counted" is by the American company. The plot follows: Bob Golden and Will Roberts, two employees in the office of J. Martin, a manufacturing chemist, are the rivals for the hand of pretty May Martin. May is forcibly locked in the chemist's laboratory at the Martin home. Her knowledge of chemistry enables her to prepare a charge of nitroglycerine with which she blows open the door.

"Just Kids" is a comedy by the Keystone Co. The boys are rivals for the little girl and fight over her. Later her doll gets into the pond and the sailor boy proves to be a hero in rescuing dollie. Gene McCarthy sings "Forest Queen."

The Grand announces that beginning Monday, September 1st, pictures will be changed four times a week, being on Monday, Wednesday, Friday and Sunday.

### OPPOSITION TO ROAD WORK

Under the Elwell Law. Prominent Farmer Protests There is Too Much Red Tape

George S. McCulloch, a prominent farmer of Oak Lawn township, has handed the Dispatch the following regarding the proposed building of a road under the Elwell law, and which will be read with interest by all whether opposed or favorable to the proposition. In order to show that the condition to which Mr. McCulloch objects exists elsewhere, the following telegram which appeared in the Pioneer Press of August 14th, is reproduced at his request:

"Rochester, Minn., Aug. 14.—More than five hundred farmers of Olmstead county voiced protest against the proposed construction of roads in this county under the Elwell law at a public hearing held at the court house today. Prior to the official meeting, the farmers gathered on the court house square to outline plans of battle.

They are backed by organizations in practically every township and have employed legal counsel to assist them in resisting attempts to construct roads. The petitioners for the road have also engaged legal counsel.

During the day a remonstrance against the construction of the proposed roads was presented with 2,200 signatures.

The proposition to construct highways under the Elwell law, fostering a movement for the construction of a concrete road from Stewartville to Rochester has created intense feeling in the county, and the farmers have worked diligently to prevent any effort to bond the county."

Crow Wing county is up against the same proposition if the petition which comes up for hearing Sept. 2, at 2 o'clock p. m. is accepted by the county board.

I do not believe that the people of Crow Wing county, and especially the farmers, want to bond the county to build this road any more than the farmers of Olmstead county do to build their road, and the acceptance of the proposition certainly means bonds in the sum of \$28,000, for the commissioners have full power in the matter. This Elwell law operates the same as the ditch law, except that the whole county is interested.

I firmly believe that if the farmers fully understood what this means that they will also protest and do so vigorously. I am not opposed to good roads, far from it, and believe that this road should be built, but not under this law. Too much money is spent for red tape and for interest on bonded indebtedness which should go into moving dirt.

Come to the meeting on Sept. 2d and show by your presence that you are interested.

## BULLET ENTERED WOMAN'S KNEE

Careless Handling of Firearms in the City Limits, Where Shooting is Prohibited

### RESULTS IN SERIOUS ACCIDENT

Parents of Children Should See That They do Not Have Access to Even Small Calibre Rifles

Frank Vanek informs The Dispatch that while himself and family were enjoying the afternoon on Sunday sitting in the shade outside their home that his wife was shot in the knee by a boy with a 22-calibre rifle. The family was busy in conversation, and Mrs. Vanek was holding her infant child who was nursing at the time, when suddenly she exclaimed "I am shot," and upon investigation it was found by Mr. Vanek that a small bullet had penetrated her clothing and lodged under the skin above the knee and was removed without trouble. Had the bullet gone a few inches higher it would have struck the child and with probably more serious result. Mr. Vanek made a search of the nearby brush and found three boys with a rifle of this calibre.

While this accident has not resulted seriously, it is a warning to parents who are in the habit of allowing their minor children to handle firearms that the practice should cease, at least within the city limits, as it is extremely dangerous, more so to the general public than to the boys who shoot recklessly at everything that moves regardless of who is or may be within the range of their guns. It is extremely lucky that in the case above recited that more serious harm was not done, for the parents of these children if they allow them to go out with a gun and death had resulted from the shot would have been equally as guilty as the children, and more so. If your boy must have a gun don't let him practice with it around the neighborhood but send him to the country to do his promiscuous shooting, or better still go with him and then you will know that he is safe himself and that his aim will not harm others. This lesson should not be lightly passed over.

### A SENSATIONAL GAME

Between St. Cloud and Plutos—St. Cloud Now Challenges Any Semi-Pro Team in State

One of the biggest and most sensational baseball games ever staged in St. Cloud was played Sunday against the "Red Devils" from French Lick Springs, Indiana, the game ending with a 3 to 2 score favoring St. Cloud. The game was featured throughout with plays of high interest. Pitcher Al Dretchko held the enemy at bay all through the game while Sammie Kinkle on the back stop helped to keep things close. Kehoe on first scored two runs for the team by boosting the ball over the fence for a home run. Bobbie Marshall and Bowman highly deserving of special mention for the work they did in the field, picking the balls from the tops of autos and from under horses feet.

A statement made by Manager Kinkle today gives the information that a challenge is made to any semi-pro team in the state. The Plutos team have played 77 games and have lost only seven, two of which were dropped in St. Cloud.

H. C. Bailey Returns From Idaho—West Not as Enterprising as the Cuyuna Range

Crosby, Minn., August 21.—Matt Murphy and John Sullivan, who stole a Ford automobile from Ironwood, Mich., were arrested in Crosby by Chief Vogan and Policeman A. Burud and turned over to the sheriff and his deputy from Ironwood. The car was taken August 11 and the joy ride of the two thieves carried them over two states.

Harry C. Hughes and P. B. Raymond, of Minneapolis, were in Crosby examining mining properties.

Crosby defeated the Golden Rules by a 5 to 4 score. West, Siebenthal and Nevers were in the box for Crosby. Up to the ninth inning the score was 4 to 1, when the Golden Rules ran in 3 scores.

H. C. Bailey has returned from a visit in Idaho. Crops are good out there, but still there is not the enterprise visible one sees on the Cuyuna range.

A. H. Porsch, of Brainerd, has charge of the Linnemann clothing company special sale and his advertising is attracting much attention.

Mrs. B. Mizen and Mrs. Charles Roulo entertained fourteen little folks at a Mother Goose party Wednesday afternoon for Jean and Lindsay Roulo.

J. A. Schultz, formerly of Brainerd, has opened a garage. The building is 50 by 70 feet in size and built of concrete blocks.

Conrad Raps has returned from a vacation spent in New York state.

Vernon J. Price, of Duluth, supervising architect of the grade school building being erected, was in Crosby last week.

Arthur Lovdahl is at Boston, Mass., attending a convention of Rexall dealers. Before returning he will also visit New York, Philadelphia and other cities.

Brickwork and other exterior work has been completed on the Trio block, the Stein & Rourke building and the Spalding hotel addition and plastering will soon be in progress in all three buildings.

F. H. Voves, formerly of Perham, has opened a cigar factory.

The local order of the Moose is laying plans for a big home coming celebration.

Nicholas Demas, of International Falls and John Peters, of Duluth, have purchased the Will S. Pitt building on Main street and will conduct a candy kitchen there.

Charming Picture of Nude 18 Year Old Girl Preparing to Take a Dip in the Lake

"September Morn," the picture of a nude girl preparing to take a dip in a lake, has arrived in Brainerd and a copy of Paul Chabas' noted work can be seen in miniature at Loeley & Dean's.

It is a hand colored print and reflects the superb coloring of the original. The 18 year old girl stands in the water which has reached just above her ankles. She is a most shapely blond with blue eyes and is silhouetted against a background of lake and sky.

This picture took the first prize at the Paris salon in 1912. Wherever exhibited it has aroused a storm of criticism, defended on one hand by lovers of art and condemned on the other hand by purists.

No. 1298. FORFEITED TAX SALE Notice of Expiration of Redemption Office of County Auditor, County of Crow Wing, State of Minnesota. To A. C. Bruce—

You are hereby notified that the following piece or parcel of land, situated in the County of Crow Wing, State of Minnesota, and known and described as follows: Lot One (1) of Block Eighteen (18), Howes and Spalding's Addition to the City of Brainerd, is now assessed in your name. That on the 12th day of May, A. D. 1912, at a sale of land pursuant to the real estate tax judgment duly given and made in and by the District Court in and for said County of Crow Wing on the 21st day of March, A. D. 1912, in proceedings to enforce the payment of taxes delinquent upon real estate for the year A. D. 1910, for said County of Crow Wing, the above piece or parcel of land was duly offered for sale, and no one bidding upon said offer an amount equal to that for which said piece or parcel was subject to be sold, to-wit: the sum of nine cents the same was duly bid in for the State of Minnesota for said sum. That thereafter and on the 11th day of August, A. D. 1913, the said piece or parcel of land, not then having been redeemed from said sale, and having then become the absolute property of the State of Minnesota, was sold and conveyed at public sale by the County Auditor of said County pursuant to the order and direction of the State Auditor of the State of Minnesota, and in accordance with the provisions of the statute in such case made and provided, for the sum of Thirteen Dollars and Eleven cents duly paid to the County Treasurer of said County.

That the certificate of sale for said piece or parcel of land executed and delivered by said County Auditor upon said sale last above mentioned has been presented to me at my office by the holder thereof for the purpose of having notice of expiration of time for redemption from said tax sale of said property given and served. That the amount required to redeem said piece or parcel of land from said tax sale, at the date of this notice, exclusive of the costs to accrue upon said notice, is the sum of Thirteen Dollars and Eleven cents and interest as provided by law at the rate of 12 per centum per annum from the 11th day of August 1913 to the day such redemption is made. That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty days after service of this notice and the filing of proof of such service in my office. Witness, my hand and seal of office this 16th day of August, A. D. 1913. (Auditor's Seal) J. F. SMART, Auditor Crow Wing County, Minnesota.

## MAYOR DOES NOT SIGN ORDINANCE

Returns to City Clerk Unsigned the Street Railway Franchise Ordinance No. 255 of the

MINN. CENTRAL RAILWAY CO. In 6 Typewritten Pages Mayor Outlines Objections and Recommendations

Mayor R. A. Henning has returned to the city clerk unsigned the street railway ordinance. It was delivered to the mayor August 19 and returned by him on August 25. In a communication addressed to the president and members of the city council accompanying the unsigned ordinance Mayor Henning states:

"I am herewith returning to you, unsigned, Ordinance No. 255, same being an ordinance granting to the Minnesota Central Railway Company, the right to construct and maintain a street railway in the city of Brainerd, Minn.

"From the date that this ordinance was first presented to your body I have made such investigation of the question of street railway franchises as the limited time, and resources at my command permitted."

In six pages, typewritten, he outlines his objections and makes new recommendations. In closing, he states: "While I realize very fully the demand of many of the citizens of Brainerd that I sign this franchise in its present condition, I have given the matter every consideration that I could in the time at my command, and have come to the conclusion that were I to sign this franchise simply to comply with the public sentiment, I would not be dealing justly and honestly with the duties of my office.

"It is impossible for me to deceive myself into believing that it would be for the best interests of the city and citizens of Brainerd, for me, to sign Ordinance No. 255, in its present shape, thus giving it my approval, and I must therefore respectfully decline to do so."

### A SENSATIONAL GAME

Between St. Cloud and Plutos—St. Cloud Now Challenges Any Semi-Pro Team in State

One of the biggest and most sensational baseball games ever staged in St. Cloud was played Sunday against the "Red Devils" from French Lick Springs, Indiana, the game ending with a 3 to 2 score favoring St. Cloud. The game was featured throughout with plays of high interest. Pitcher Al Drechko held the enemy at bay all through the game while Sammie Kinkle on the back stop helped to keep things close. Kehoe on first scored two runs for the team by boosting the ball over the fence for a home run. Bobbie Marshall and Bowman highly deserving of special mention for the work they did in the field, picking the balls from the tops of autos and from under horses feet.

A statement made by Manager Kinkle today gives the information that a challenge is made to any semi-pro team in the state.

The Plutos team have played 77 games and have lost only seven, two of which were dropped in St. Cloud.

### Suffered Eczema Fifty Years, Now Well

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure. Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists or by mail, 50c. For sale by H. D. Dunn.—Advt.

## JOHN LIND'S PLANS CHANGED

Washington, D. C., Aug. 26.—Following a report from Special Envoy Lind at Mexico City and through the Mexican minister of foreign affairs from President Huerta, President Wilson today consented to postpone the delivery of his address on the Mexican situation until one o'clock Wednesday.

Mexico City, Aug. 26.—Special Envoy Lind's plans were changed today when on the eve of his departure from Mexico City Provisional President Huerta asked for more time to consider President Wilson's proposals.

## AUTO THIEVES ARE CAUGHT AT CROSBY

Had a Joy Ride in a Ford Car From Michigan to Crosby and Police Capture Them

### THE GOLDEN RULES DEFEATED

H. C. Bailey Returns From Idaho—West Not as Enterprising as the Cuyuna Range

Crosby, Minn., August 21.—Matt Murphy and John Sullivan, who stole a Ford automobile from Ironwood, Mich., were arrested in Crosby by Chief Vogan and Policeman A. Burd and turned over to the sheriff and his deputy from Ironwood. The car was taken August 11 and the joy ride of the two thieves carried them over two states.

Harry C. Hughes and P. B. Raymond, of Minneapolis, were in Crosby examining mining properties.

Crosby defeated the Golden Rules by a 5 to 4 score. West, Siebenthal and Nevers were in the box for Crosby. Up to the ninth inning the score was 4 to 1, when the Golden Rules ran in 3 scores.

H. C. Bailey has returned from a visit in Idaho. Crops are good out there, but still there is not the enterprise visible one sees on the Cuyuna range.

A. H. Persch, of Brainerd, has charge of the Linnemann clothing company special sale and his advertising is attracting much attention.

Mrs. B. Mizen and Mrs. Charles Roulou entertained fourteen little folks at a Mother Goose party Wednesday afternoon for Jean and Lind-say Roulou.

J. A. Schultz, formerly of Brainerd, has opened a garage. The building is 50 by 70 feet in size and built of concrete blocks.

Conrad Raps has returned from a vacation spent in New York state.

Vernon J. Price, of Duluth, supervising architect of the grade school building being erected, was in Crosby last week.

Arthur Lovdahl is at Boston, Mass., attending a convention of Rexall dealers. Before returning he will also visit New York, Philadelphia and other cities.

Brickwork and other exterior work has been completed on the Trio block, the Stein & Rourke building and the Spalding hotel addition and plastering will soon be in progress in all three buildings.

F. H. Voves, formerly of Perham, has opened a cigar factory.

The local order of the Moose is laying plans for a big home coming celebration. Nicholas Demas, of International Falls and John Peters, of Duluth, have purchased the Will S. Pitt building on Main street and will conduct a candy kitchen there.

### RAILWAY MEN PROSPERING

W. P. Smith and Harry Fox at Los Angeles—C. Willard Lincoln Now at Corona, Cal.

W. P. Smith, of Los Angeles, Cal., has been the guest of Engineer R. H. Carr of this city. Mr. Smith is running an engine for the Northern Pacific railway and has his headquarters in Los Angeles, where he is prospering.

C. Willard Lincoln, formerly masters mechanic at Staples, is now stationed at Corona, Cal., and has made so much money that he sports a 90 horsepower, 6 cylinder machine. He recently suffered an attack of writer's cramp while clipping coupons from stocks he holds.

Harry H. Fox is now at Los Angeles, where he is engaged in the real estate business. He was formerly on the Lake Superior division. Mr. Fox was recently married and is enjoying a honeymoon at Venice on the ocean beach far from the maddening crowd and the real estate market.

## "SEPTEMBER MORN" IN CITY

Copy of Paul Chabas' Picture Which Created a Furor of Criticism in Art Circles

### IS ON DISPLAY IN BRAINERD

Charming Picture of Nude 18 Year Old Girl Preparing to Take a Dip in the Lake

"September Morn," the picture of a nude girl preparing to take a dip in a lake, has arrived in Brainerd and a copy of Paul Chabas' noted work can be seen in miniature at Losey & Dean's.

It is a hand colored print and reflects the superb coloring of the original. The 18 year old girl stands in the water which has reached just above her ankles. She is a most shapely blond with blue eyes and is silhouetted against a background of lake and sky.

This picture took the first prize at the Paris salon in 1912. Wherever exhibited it has aroused a storm of criticism, defended on one hand by lovers of art and condemned on the other hand by purists.

### BELL IS ELECTED SECRETARY

Husband of Former Brainerd Girl is Selected Head of New Illinois Reference Commission

Under date of August 20th, the Springfield, Illinois, Record contains the announcement of the election of Finley Bell as secretary of the new Illinois legislative reference commission at a meeting held in the state executive's office. Mr. Bell already has assumed his new duties and his friends and acquaintances in Brainerd will be pleased to learn of his good fortune. Mrs. Bell formerly was Miss Agnes Scherman of the city and later of St. Paul, and continues to be a constant reader of the Dispatch which joins in congratulations.

No. 1298.  
**FORFEITED TAX SALE**  
Notice of Expiration of Redemption  
Office of County Auditor, County of Crow Wing, State of Minnesota.

You are hereby notified that the following piece or parcel of land, situated in the County of Crow Wing, State of Minnesota, and known and described as follows, to-wit: Lot One (1), Block Eighteen (18), Howland Addition to the City of Brainerd, is now assessed in your name.

That on the 12th day of May, A. D. 1902, a sale of land pursuant to the real estate tax judgment duly given and made in and by the District Court in and for said county of Crow Wing on the 31st day of March, A. D. 1902, in proceedings to enforce the payment of taxes delinquent upon real estate for the year A. D. 1900, for said county of Crow Wing, the above piece or parcel of land was subject to be sold, to-wit: the sum of ninety cents the same was duly bid in for the State of Minnesota for said sum. That thereafter and on the 11th day of August, A. D. 1913, the said piece or parcel of land, not then having been redeemed from said sale, and having then become the absolute property of the State of Minnesota, was sold and conveyed at public sale by the County Auditor of said County pursuant to the order and direction of the State Auditor of the State of Minnesota, and in accordance with the provisions of the statute in such case made and provided, for the sum of Thirteen Dollars and Eleven cents duly paid to the County Treasurer of said county.

That the certificate of sale for said piece or parcel of land executed and delivered by said County Auditor upon said sale last above mentioned has been presented to me at my office by the holder thereof for the purpose of having notice of expiration of time for redemption from said tax sale of said property given and served.

### DEMAND FOR LOTS INCREASES

Many Sales Made of Cuyuna Business and Residence Lots—Building Contemplated

#### COLD STORAGE PLANT PLANNED

"Cuyuna Range Miner's" New Home—Kennedy Mine's Good Record—Social News

Cuyuna, Minn., August 22.—The demand for lots in Cuyuna has far exceeded expectations. In one day last week the Locker-Donahue company disposed of the following: two lots to Edward Madden, two to Nellie Holt, two to Margaret Gleason, two to Andrew Peterson, one to Patrick Boyle and three to J. D. Campbell.

One of these parties intends to erect a large cold storage plant in Cuyuna, to be ready for business next season. The others will engage in different lines of business in the city. The lots sold were all business lots and no doubt will prove to be quite a benefit to the city.

The Locker-Donahue company will erect a new building in which the "Cuyuna Range Miner" paper will establish its home. They have also plan under consideration for erecting a number of residences for people who want to locate in Cuyuna.

Prof. E. W. Zingg, of the Cuyuna school, returned Saturday from St. Paul, where he spent his vacation taking special studies at the University of Minnesota.

Mrs. O. W. Wedgewood, of Monticello, is visiting her son, R. W. Wedgewood. She motored up with her son and family on their return from a visit at Monticello.

Adam Harder is laying a hardwood floor in the council chambers. Miss Signe Sundkvist is the guest of Mr. and Mrs. Fred Carlsten.

Dr. Ivan M. Linsin arrived Friday from the Mesaba range to take charge of the Cuyuna hospital. He has been connected with the leading hospitals of Minneapolis.

Local freight received and shipped showed large increases over the preceding month at the Soo depot.

The Kennedy mine made a record last Saturday, 80 cars being loaded in 10 hours from the stockpile. Twenty-five cars were hoisted and the Kennedy that day shipped two trains of ore.

There was a small wreck on the Soo near Iron Hub Monday. The caboose was damaged and the front of the switch engine was battered.

The severe electrical storm Saturday night caused the Cuyuna Range Power company to shut off the current from 9:30 to 12 and the moving picture show was put out of business.

Miss Gladys Mark is stenographer for Nemetz & Dimmick.

A large increase of deposits is shown at the First State bank. The savings bank department is being well patronized.

### THE IDEAL CHURCH IS OUTLINED

It is One That Teaches Charity to all and the Simple Truths of Christianity

#### ADDRESS OF W. H. GEMMELL

Delivered at Ministerial Association Meeting—Sketches Career of State and Nation

(Continued)

We are living in an age of change; what was good business practice twenty years ago is obsolete now. A medical text book that was standard a decade ago is not worth the paper it is printed on in this period of wonderful physiological and psychological advancement. Government theories that have prevailed for centuries, and were thought to be perfect and could not be improved upon, are being discarded and new ideas adopted. It is a time of unrest, agitation and evolution; but I am optimistic enough to believe that all is going and will go well with the world, despite the odium that is cast upon them, regardless of the prosecutions they are subjected to—but properly regulated by competent authority as they will be—the combinations, or so-called trusts, have come to stay—as they spell efficiency, the production of necessities of life and articles of commerce at the lowest possible cost, and the consequent ability to sell them at less figures than if ruinous competition prevailed. The small business must of necessity give way to the large corporation, but the people by wise laws will control all business so that it will not become monopolistic or oppressive. These statements are facts with which you are all familiar and it is unnecessary for me to enlarge on them.

Has church work kept pace with changing political and commercial conditions? Are there not too many different churches and church organizations, and is not the same field at times needlessly covered? Is not the work of these various bodies rendered less effective by the fact that thrall of funds and men, they have to be spread out too thinly in order to take in a wide area? All these questions give pause for thought.

On the one hand you have the great historic church of Rome, doing an ever increasing work in this country and gaining in strength and importance each year; and on the other a multitude of different churches, some large and influential and others small and struggling—all doing good work but undoubtedly much less than they should. I doubt that a reunion with Rome will ever come, but is there not now a need for a second great reformation whereby all the churches that are separated from Rome should unite and form a great body of Christian workers whose efforts would produce world wide results? Are not the differences that separate you man-made, and ought they not to be reconciled and overcome by man? Why should not the true idea, shorn of all its evils, be applied to religious work, and one great, efficient and effective church be the result; a combination that would give strength to the weak and render powerful that which is not now the dominant factor which it should be in society?

Many expressions of dissent from this suggestion will, I know, at once arise, and many good reasons why such a plan is not feasible, or why such a scheme would upbuild too powerful an organization, will be given—but they are all capable of satisfactory solution and answer and the plan, according to my notion, is workable, advisable and necessary, if we are to make the church accomplish the work that lies ahead of it.

"If a man preach a better sermon, write a better book, or build a better mouse-trap than his neighbor, though he build his house in the woods, the world will make a beaten path to his door."

If we effect a change in present religious movements that will throw off the trammels of the past, which hamper the work, and fit ourselves to meet twentieth century conditions with twentieth century methods, will we not cause results to be produced that will impel men to follow a beaten path to our doors?

(To be continued)

#### Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. In one day last week the Locker-Donahue company disposed of the following: two lots to Edward Madden, two to Nellie Holt, two to Margaret Gleason, two to Andrew Peterson, one to Patrick Boyle and three to J. D. Campbell.

One of these parties intends to erect a large cold storage plant in Cuyuna, to be ready for business next season. The others will engage in different lines of business in the city. The lots sold were all business lots and no doubt will prove to be quite a benefit to the city.

The Locker-Donahue company will erect a new building in which the "Cuyuna Range Miner" paper will establish its home. They have also plan under consideration for erecting a number of residences for people who want to locate in Cuyuna.

Prof. E. W. Zingg, of the Cuyuna school, returned Saturday from St. Paul, where he spent his vacation taking special studies at the University of Minnesota.

Mrs. O. W. Wedgewood, of Monticello, is visiting her son, R. W. Wedgewood. She motored up with her son and family on their return from a visit at Monticello.

Adam Harder is laying a hardwood floor in the council chambers. Miss Signe Sundkvist is the guest of Mr. and Mrs. Fred Carlsten.

Dr. Ivan M. Linsin arrived Friday from the Mesabie range to take charge of the Cuyuna hospital. He has been connected with the leading hospitals of Minneapolis.

Local freight received and shipped showed large increases over the preceding month at the Soo depot.

The Kennedy mine made a record last Saturday, 80 cars being loaded in 10 hours from the stockpile. Twenty-five cars were hoisted and the Kennedy that day shipped two trains of ore.

There was a small wreck on the Soo near Iron Hub Monday. The caboose was damaged and the front of the switch engine was battered.

The severe electrical storm Saturday night caused the Cuyuna Range Power company to shut off the current from 9:30 to 12 and the moving picture show was put out of business.

Miss Gladys Mark is stenographer for Nemetz & Dimmick.

A large increase of deposits is shown at the First State bank. The savings bank department is being well patronized.

### THE IDEAL CHURCH IS OUTLINED

It is One That Teaches Charity to all and the Simple Truths of Christianity

### ADDRESS OF W. H. GEMMELL

Delivered at Ministerial Association Meeting—Sketches Career of State and Nation

(Continued)

We are living in an age of change; what was good business practice twenty years ago is obsolete now. A medical text book that was standard a decade ago is not worth the paper it is printed on in this period of wonderful physiological and psychological advancement. Government theories that have prevailed for centuries, and were thought to be perfect and could not be improved upon, are being discarded and new ideas adopted. It is a time of unrest, agitation and evolution; but I am an optimist enough to believe that all is going and will go well with the world, despite the odium that is cast upon them, regardless of the prosecutions they are subjected to—but properly regulated by competent authority as they will be—the combinations, or so-called trusts, have come to stay—as they spell efficiency, the production of necessities of life and articles of commerce at the lowest possible cost, and the consequent ability to sell them at less figures than if ruinous competition prevailed. The small business must of necessity give way to the large corporation, but the people by wise laws will control all business so that it will not become monopolistic or oppressive. These statements are facts with which you are all familiar and it is unnecessary for me to enlarge on them.

Has church work kept pace with changing political and commercial conditions? Are there not too many different churches and church organizations, and is not the same field at times needlessly covered? Is not the work of these various bodies rendered less effective by the fact that through lack of funds and men, they have to be spread out too thinly in order to take in a wide area? All these questions give pause for thought.

On the one hand you have the great historic church of Rome, doing an ever increasing work in this country and gaining in strength and importance each year; and on the other a multitude of different churches, some large and influential and others small and struggling—all doing good work but undoubtedly much less than they should. I doubt that a reunion with Rome will ever come, but is there not now a need for a second great reformation whereby all the churches that are separated from Rome should unite and form a great body of Christian workers whose efforts would produce world wide results? Are not the differences that separate you man-made, and ought they not to be reconciled and overcome by man? Why should not the trust idea, shorn of all its evils, be applied to religious work, and one great, efficient and effective church be the result; a combination that would give strength to the weak and render powerful that which is not now the dominant factor which it should be in society?

Many expressions of dissent from this suggestion will, I know, at once arise, and many good reasons why such a plan is not feasible, or why such a scheme would upbuild too powerful an organization, will be given—but they are all capable of satisfactory solution and answer to the plan, according to my notion, is workable, advisable and necessary, if we are to make the church accomplish the work that lies ahead of it.

"If a man preach a better sermon, write a better book, or build a better mouse-trap than his neighbor, though he build his house in the woods, the world will make a beaten path to his door."

If we effect a change in present religious movements that will throw off the trammels of the past, which hamper the work, and fit ourselves to meet twentieth century conditions with twentieth century methods, will we not cause results to be produced that will impel men to follow a beaten path to our doors?

(To be continued)

### Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt his mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. "Dearest, take no stock in these reports you hear. You have a monopoly on my affections."

"John, I will trust you forever."

"Love, let us combine."
